

How to get to Momotown Hostel ?

From the airport take a shuttle train to the main train/bus station.

From there, we suggest you take a tram either no. 50 or 51. It is an underground tram and the entrance to the stop is from train station platform no. 1 (the same which a shuttle train from the airport gets you on). You need to take a tram with directions "Kurdwanow" or "Biezanow Nowy", get off at fifth stop called "Miodowa", turn right into ulica Miodowa and proceed to number 28. You can buy tickets from machines inside a tram, and just remember to validate them.

Walking from the train/bus station lasts approximately 15 minutes. You need to get to the underground passage situated in front of the main train station building. Leaving to the left, take ulica Westerplatte and get to the big Post Office building, then take a left into ulica Starowislna (not to confuse with ulica Wielopole), cross ulica Dietla and straight along ulica Starowislna get to ulica Miodowa. Now you only need to make a right - we are at number 28.

Taxistands are located above train station platforms, in front of the bus station building, or in front of the shopping centre. Expect to pay no more than around PLN 20 (c. 5 euro).
